837th U.S. Army Transportation Battalion (Terminal)

1st Qtr, FY 2003

Commander's Corner

By LTC James E. Brundage
Battalion Commander

As we close out the year of 2002, we in the 837th Transportation Battalion have much to be proud of and much for which to be thankful. It has been a great year; one with no safety incidents or accidents, and one in which were selected as the MTMC Unit of the Year.

We have successfully supported the Korean Theater of Operations with management of surface cargo and have reduced the amount of container detention and demurrage to a small fraction of the previous years' resource drain. Continued attention to this issue and the continued planning and safe execution of port operations will be the key to our success in 2003. Our customer support initiatives, to include Customer and Ammunition Conferences, have been well received and will be an ongoing value-added service to our theater customers.

We will support some key missions such as ammunition retrograde and call forward, Longbow fielding, Ulchi Focus Lens, and RSOI. We will also maintain the documentation and management of 95% of the total USFK cargo brought onto the peninsula through the capabilities of our strong

commercial counterparts, Maersk/Sealand and APL Korea. We will strengthen our relationships with the 19th Theater Support Command and USFK, and develop new ones with the local ROKA 53rd Reserve Homeland Division. Force protection will continue to be foremost in our minds and, along with safety, our primary concern for all activities

SGM 's Corner

By SGM Jeanne E. Hammond

Well another year has passed and all of us are a year older. With age comes knowledge and the Kargo Kings have a lot of knowledge that makes us a very successful Battalion. I would like to take this time to thank each and every one of you for everything you do to make our Battalion a family. Lets continue to excel in everything we do so 2003 will be just as successful as 2002.

SGM Hammond (middle) leading the Kargo Spirit exercise over at Chinhae Ammunition Pier on 23 October.

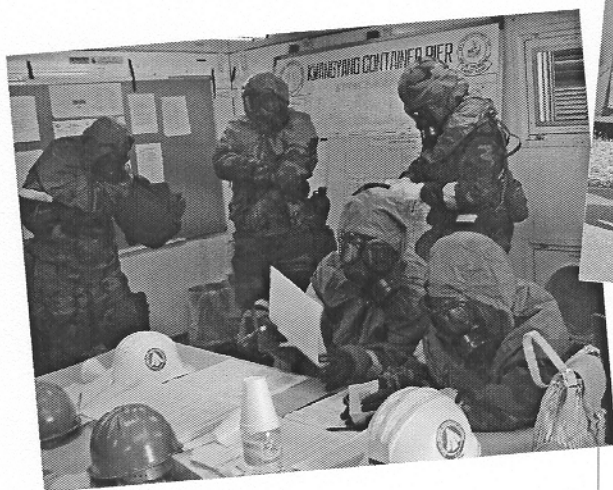

Kargo Spirit 03-1

CPT Courtney Brooks
Terminal Operations Officer

The 837th Transportation Battalion conducted a semi-annual Command Post Exercise (CPX) at Chinhae, Republic of Korea Army pier on 21-24 October 2002. This exercise trained terminal leadership and key personnel in vehicular and general cargo vessel discharge, staging, and port clearance operations. It also trained the Battalion on Nuclear, Biological, and Chemical (NBC) defense procedures in a

DPOC at Chinhae Ammunition Pier

port area.

The Kargo Spirit exercise is one of the Battalion's best training events to involve military and civilian personnel from each division within the Battalion. Korean marine cargo specialists, documentation specialists, and cargo checkers trained with US military and KATUSA soldiers during the CPX. The five-day CPX utilized a manifest developed for the USNS Shughart that included vehicles (wheeled and tracked), general cargo, and aircraft that was scheduled for discharge. The exercise replicated a contingency vessel discharge at the South Korean port of Kwangyang and utilized actual port capabilities. The exercise also allowed the battalion to test the capabilities of the Deployable Port Operations Center (DPOC) and test it in a remote environment.

Through this training event, the battalion was able to evaluate the collective and individual knowledge of the military and civilian personnel during vessel procedures and force protection operations. The end-state was a well-trained team in vessel operations.

Performing the NBC defense training during the exercise.

Gas Chamber

By SGT Yoo, Yong-pil
NBC Room

On 14-15 November 2002, military personnel and civilians took part in gas chamber training at the 53rd Republic of Korea Army facility, which is located in Jangsan. Before entering the chamber, personnel put on MOPP gear and mask. Upon going to MOPP 4 each military personnel and civilian went into the chamber. Each were instructed to introduce themselves and exercised like hoped around to check the seal.

After that, many of the military and KATUSA's took off their masks since,

they wanted to know how it felt to be exposed to CS gas. When we pulled off our masks, our eyes became replete with tears. I will never forget how I felt at the chamber. It was great!

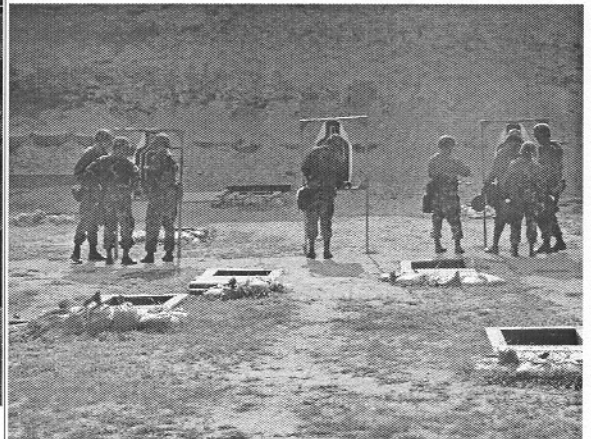

SGT Yoo, Yong-pil leading a mask cleaning session after the NBC chamber training.

M16 Range in Camp Carroll

By CPL Song, Jung-kyu
Training Section

M16 gunners went to Camp Carroll range on 19th of November. 8 KATUSAs went there to qualify on their individual assigned weapon. We opened arms room at 0600 in the morning, and departed for Camp Carroll with Mr. Jo. We ate sack lunches on the bus and after a little nap we arrived there. When we got there, 61st Chemical Company soldiers were shooting to zero their weapons. After the 61st Chemical Co soldiers were finished, we started shooting to zero our weapons. After quick zeroing, we started qualification. 7 out of 8 qualified. His zero was wrong, so he had to start from scratch and re-zero his weapon. Finally after a good zero, he

qualified 36 out of 40. After everybody was qualified, with good scores in spite of the freezing weather, we came back to Camp Hialeah. The traffic was bad on the way back, but we made it safely to Camp Hialeah. Overall it was a little tough but, a good training trip.

Every KATUSA soldier checks his own target sheet.

Courageous Channel 02-02

By Mr. Johnny McCorvey
Information Management Officer

Camp Hialeah, Korea -- Although most personnel never left the area, dependents and non-emergency essential civilians recently learned what a State Department-ordered evacuation of the Korean peninsula would be like. They were among all non-combatants Korea-wide who gathered their children, pets and non-combatant evacuation kits to process through an evacuation control center, Oct 24, during Courageous Channel 02-02.

Mr. Vandersys and Mr. McCorvey performed duties as NEO wardens during the exercise. They confirmed that all Kargo

King non-combatant members processed successfully within the first 6 hours of the exercise. This included coordinating the processing of a TDY Kargo King member through Chinhae's processing line to ensure 100% compliance. Their expertise, professionalism and total dedication helped ensure a speedy and accurate count of all Hialeah personnel was performed. Lt. Col. Ludwig, the 20th Support Group Commander, presented letters of appreciation to the NEO wardens for a job well done.

The exercise tests U.S. Forces Korea's evacuation procedures and the non-combatants' ability to move out quickly when directed by the U.S. State Department. For most, the exercise offered a chance to have someone verify whether they'd properly packed their NEO kits.

Westpac Express

By Mr. Ronald Day
Chief, Cargo Operations Division

The Westpac Express pulled into Pier 8 on a very sunny morning to pickup the two hundred Marines and their equipment that worked the MV Lopez discharge and upload at Chinhae ROKA Pier. The Marines from the III MEF were happy to see the Westpac Express since their transportation back to Okinawa had been canceled twice earlier because of bad weather. The Westpac Express wanted to get in and out of Pier 8 as fast as possible to beat the weather front that was approaching the

Korean peninsula. The Westpac Express is one of the Marines' fast transport vessels that is used to get them into and out of hot-spots throughout the Pacific Rim.

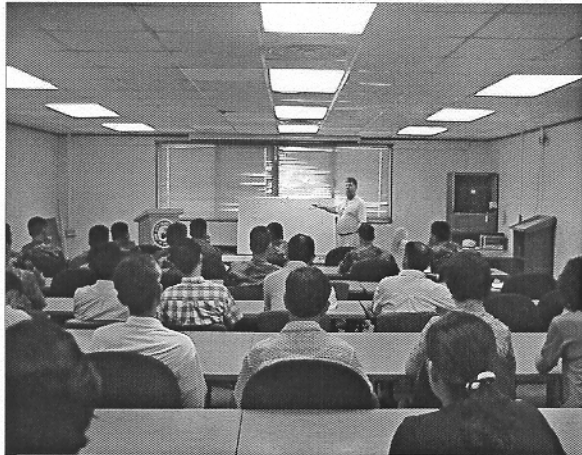

Westpac Express takes off from the Pier 8.

Drug & Alcohol Training

By SGT Hong, Chang-wan
NBC Room

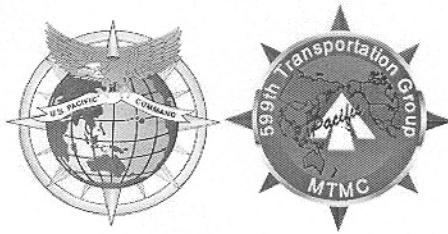

The 837th Transportation Battalion conducts drug and alcohol training class every quarter. Every time Mr. Caderebek takes the long trip to Pier 8 from Daegu for the class. Mr. Caderebek, the main instructor, makes the audience laugh speaking in Korean and telling Korean jokes. Topics change in every class. But the lesson from the class is always the same-Drinking too much alcohol is harmful to our mind and body. So we need to have self-control when drinking alcohol. As a soldier, in any case, you should not touch illegal drugs.

Drug & Alcohol training taught by Mr. Caderebek at the 837th's training room.

Multi-Modal Workshop

By Mr. Ronald Day
Chief, Cargo Operations Division

The 599th Transportation Group (TML) in conjunction with USPACOM (United States Pacific Command) co-hosted the Multi-Modal Training Workshop in Honolulu, Hawaii from 17-19 Dec 02. This workshop brought together military and their industry partners in an environment where each could discuss how they do business in support of the United States Defense Transportation System (DTS). A large variety of both military and industry provided briefings and had demonstration booths setup at the training workshop.

During the workshop one of our industry partners here in Korea were recognized

as an outstanding performer during the calendar year 2002. American Presidents Lines, Operations Manager for Pusan, Mr. Rim received a certificate from the 599th Group Commander for his outstanding support to the US Military mission here in Korea.

Mr. Day (first from left) discuss the 837th Trans Bn mission in Korea with USTRANSCOM/599th Trans Gp.

SGT Hong Awards

By SGT Hong, Chang-wan
NBC Room

Drug & Alcohol awareness in the US Army is a serious subject. In most cases, US soldiers hold the duty of Unit Prevention Leader (UPL). I was very proud that I was assigned as the Unit Prevention Leader for the battalion. So many people appreciated that I was the Battalions UPL, as a KATUSA, and winning the Area IV UPL award. I'm also very proud of that. What makes me feel good is that I showed other units in area IV that the 837th Transportation Battalion is well organized, mentally strong, full of combat power, so it is one of the best units in Korea.

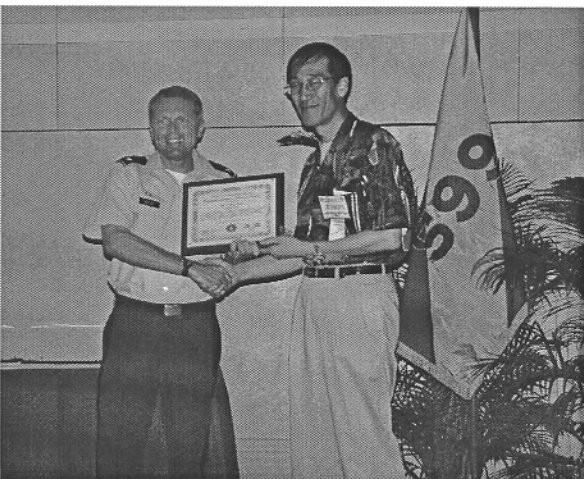

SGT Hong, Change-wan receives the Area IV UPL award from Mr. Norman K. Welch, Alcohol Drug Control Officer, Area IV on 29 October.

APL DIRECTOR RECEIVES AWARD

By MAJ S. Eric Stewart
Executive Officer

Mr. Rim, Il-kyu Director of American President Lines, Korea received the MTMC "Excellence in Transportation Award" at the 599th Transportation Group Multi-Modal conference in Hawaii. Mr. Rim earned this award as a result of the excellent service he has provided USFK and the 837th Transportation Battalion.

Mr. Rim receives the award from COL Gitto.

837th's Employees of the Quarter 1st Qtr, FY 03

Congratulations to the Employees of the Quarter (EOQ) for First Quarter FY 2003.

Mr. Fred Vandersys of the Plans Office won EOQ (Senior System) for his outstanding efforts in renovating the CSCC. Mr. Vandersys also participated in numerous planning meetings that will ensure the success of the battalion during upcoming exercises.

Mr. Vandersys performs as Santa at the Christmas party for the children from Yangsan Orphanage.

Mr. Kim, Tae-myong earned the award for EOQ (Junior System) for his outstanding efforts as the Container Control Activity Transportation Assistant. Mr. Kim's efforts decreased detention charges and allowed him successfully managed over 1,100 containers per month.

Mr. Kim, Tae-myong receives a Certificate of Recognition for his 25 years service for the U.S. Gov't.

The KATUSA of the Quarter was none other than SGT Yoo, Yong-pil for his excellent work in the NBC Room.

We are all proud of these winners.

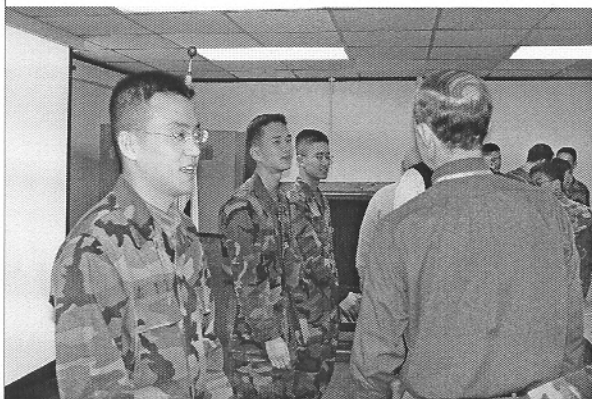

SGT Yoo receives a Certification of Appreciation from LTC Brundage for his outstanding support to exercise UFL 02.

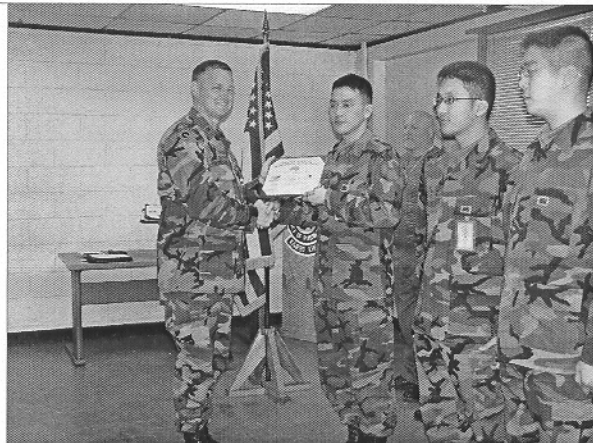

Promotion Ceremony

By SGT Moon, Yung-sung
Senior KATUSA

Promotions are always a great opportunity to recognize fine soldiers for their hard work and effort and see them get promoted. On 2 DEC 02, CPL Yoo, Yung Pil, PFC Kim, Tae Woo, PV2 Shin, Hyun Goo were each promoted to next rank; SGT, CPL and PFC. They play a key role in the 837th TB, along with the other thirteen KATUSA's in making every mission successful and contribute significantly to battle readiness. Once again, my congratulations go out to those KATUSAs.

From left, SGT Yoo, Yung-pil, CPL Kim, Tae-woo, and PFC Shin, Hyun-goo receive congratulations from the Kargo Kings.

NBC SCHOOL CLASS 03-02

By SSG Clayton E. Reeves
NBC NCO

Eighth Army has an outstanding NBC School full of knowledge and excitement. My experience at the Eighth Army NBC School was challenging from start to completion. The instructors were knowledgeable and professional. I truly took information back to my unit that will benefit NBC readiness. I am comfortable with the levels of responsibility held by the Battalion NBC NCO. An Army institution of learning is based on a standard not a time frame and the Eighth Army NBC School is a fine example of this kind of training.

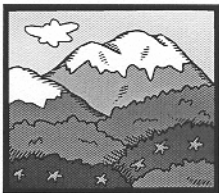

599th TRANSPORTATION GROUP STAFF ASSISTANCE VISIT

By Mr. Major Blake

Chief, Traffic & Cargo Mgmt

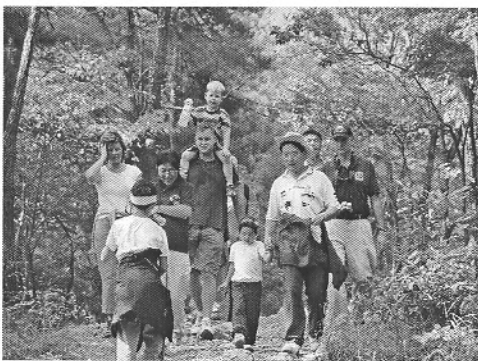

Mr. Gordon Lowe, Chief, Universal Service Contract Management Office-Pacific, visited the 837th Transportation Battalion 4-6 November. During his visit he outlined the changes to the Universal Service Contract, reviewed billing procedures and foreign flag approval process with the Traffic Management Division staff. Mr. I.K. Rim, American President Lines, provided Mr. Lowe an orientation briefing of current and future APL capabilities in Korea. Mr. Lowe also attended a dinner hosted by Dr. and Mrs. Son, Hui-Chol at their residence. Mr. Lowe's visit was very informative for the 837th's Traffic Management Division personnel.

The Kargo Kings Climb Higher

By MAJ S. Eric Stewart

Executive Officer

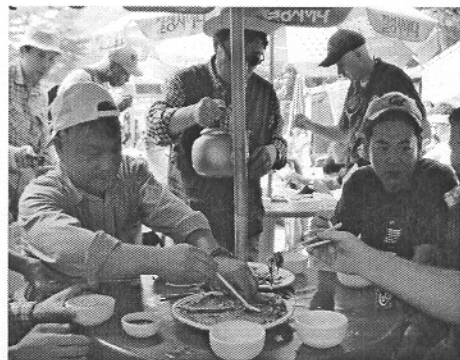

Climbing mountain.

The Kargo Kings took some time to enjoy each other and the beautiful scenery of Korea and visited Chang An Sa Temple climbing a path overlooking a lush green valley. The social trip was organized by the Korean National (KN) employees to promote teambuilding and cultural understanding. Chang An Sa is the site of an important Buddhist Temple surrounded by popular hiking paths and outdoor restaurants.

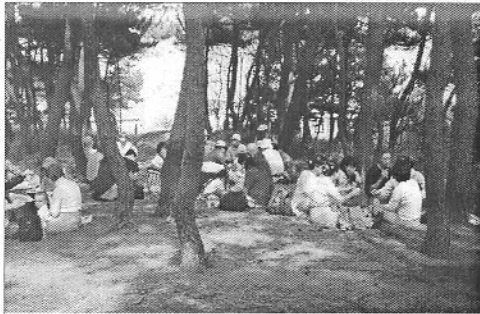

The climb to the top of the mountain was difficult but worth the effort as the climbers were

greeted with an impressive view of the mountain and the valley below. After descending the mountain, the Kargo Kings had a snack of icy cold rice wine called "tongdongju" and delicious vegetable pancakes called "pachingge".

The next stop was at Chinha beach where the battalion sat under pine trees and enjoyed a picnic lunch. Chinha beach is the site of an interesting lighthouse and a picturesque view of the ocean. After enjoying lunch, the battalion boarded buses and headed to a

Enjoying "tongdongju".

Enjoying lunch at beach side.

things that the Kargo Kings do to build a better working environment. The entire battalion eagerly anticipates the next event.

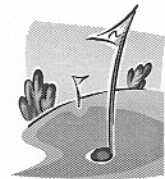

Group photo at the light house.

new suspension bridge recently built near Kwang-An Li Beach. The trip on the bus was as much fun as anything else as the bus was converted into a dance hall for the trip. The view from the bridge was spectacular as sailboats plied the waters off of Haeundae Beach.

The social trip is one of the many

Golf Scramble

Mr. Mark Rice

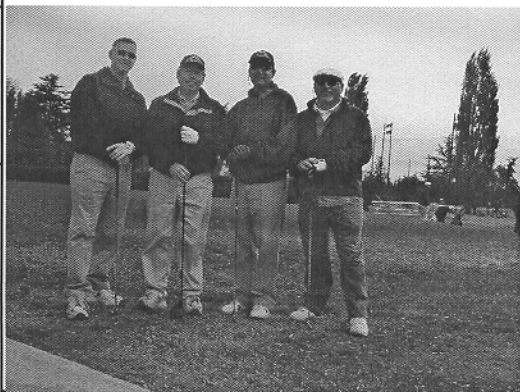

Transportation Management Specialist

On November 8th, the 20th ASG hosted a Best Ball Golf outing in Taegue. LTC Brundage, Major Stewart, Mr. Day and Mr. Rice represented the 837th Trans Battalion "Kargo Kings". When we arrived at the golf course the sun was shining and the temperature was in the mid 50's. We received our instructions from the Golf Marshall and headed to our starting hole. Our spirits were high as we quickly parred the first couple of holes. But as fate would have it, the temperature quickly dropped as the weather shifted from a mild fall day to a blustery winter day. Clouds moved in and an intermittent sprinkle turned into a freezing drizzle at times and even the occasional snowflake. Considering the weather, all team members made several excellent shots. Even LTC Brundage and Major Stewart, who professed to be beginners, help saved par for the team from numerous tough lies.

At the end of the first nine holes, we were holding a respectable one over par, but with the temperature now securely in the mid to high 30's and the wind and drizzle growing stronger by the hole, our golf game started to suffer. We returned to the clubhouse just as the heaviest part of the storm moved in and chased the remaining golfers off the course.

Fighting the elements as best we could, we turned in a respectable 4 over par. While we did not qualify for a trophy, this fine quality team building event was reward enough.

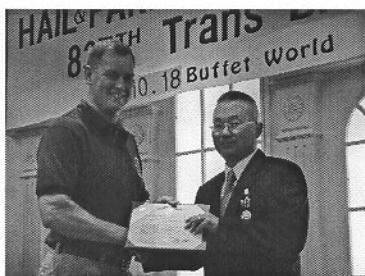

(from left) LTC Brundage, Mr. Rice, MAJ Stewart, and Mr. Day.

SFC Choe Farewell

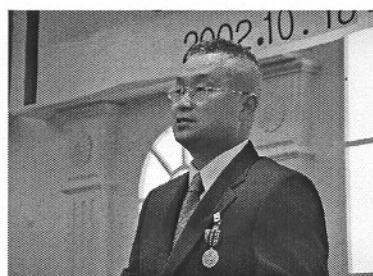

MAJ S. Eric Stewart
Executive Officer

SFC Choe receives the AAM from LTC Brundage at the Bn Hail & Farewell held on 18 October.

SFC Choe displays his gift from his co-worker from Terminal Operations Section.

SFC Choe makes his farewell speech at the Bn Hail & Farewell.

The battalion said goodbye to a true "Kargo King" in November as SFC Choe completed his tour as the 837th Operations NCO. SFC Choe arrived at Pier 8 in 1998 and served the battalion with distinction.

His achievements include serving as the NCOIC of the largest ammunition operation since the Korean War as 500 containers of ammunition were sent back to depots in the United States. He also was a key figure in the planning and executing of the three missions to receive/ship Apache helicopters for USFK units. SFC Choe also took charge of the unit's Private Organization fund and organized the hamburger and hotdog sales that allowed the unit to host several world-class events.

SFC Choe's exceptional service was recognized by the presentation of the ST. Christopher's medal. The St. Christopher's Medal is awarded to U.S. Army Transporters who have distinguished themselves in the field of Transportation.

The Kargo Kings will miss SFC Choe and his wife, Jinny and their two children.

837th's primary and Terminal Operations staff congratulate him.

LTC Brundage pins the Saint Christopher medal on SFC Choe at the very last farewell luncheon held especially for him at the Cheil Buffet Restaurant.

A Good Friend Says Goodbye

By MAJ Eric Stewart

Executive Officer

CPT Kim, Kyeong Yeon served as the ROK Army Staff Officer responsible for implementing the KATUSA program for Camp Hialeah. He has been an active participant in Kargo King activities and he will be sorely missed. He organized the battalion's visit to the Hadong battlefield and secured use of a local ROK Army training facility. CPT Kim consistently demonstrated concern for the welfare of our KATUSA soldiers and would even show up to cheer our soccer team. LTC Brundage, 837th Commander, awarded CPT Kim the Army Achievement Medal for his service to the Kargo Kings.

LTC Brundage presents CPT Kim with the AAM for his service to the Kargo Kings upon his departure.

The 837th's KATUSA soldiers and civilian employees congratulate CPT Kim receiving the award.

Orphanage Christmas Party

By SGT Moon, Yung-sung
Senior KATUSA

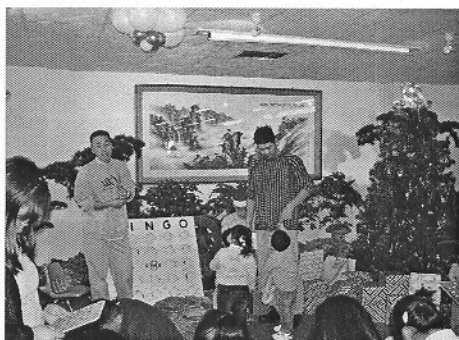

The Annual Orphanage Christmas party is always special to the 837th TB members. Every year we prepare excellent events for children from Yang San Orphanage. This year was no exception.

On 14 DEC 02, the children came to Camp Hialeah for the Christmas party to share the holiday spirit together. Many exciting events and great gifts were prepared for the party and everyone had a great time. There was great food for everyone as well. We truly enjoyed spending time with the children and hope we can keep this wonderful relationship for many years to come.

Annual Christmas Party a Huge Success

By MAJ S. Eric Stewart
Executive Officer

Another year has come and gone for the Kargo King family and we took some time to celebrate our great efforts with a great holiday party. The party was held in the beautiful Paradise hotel at the world-famous Haeundae Beach. The staff of the Paradise did a superb job preparing a feast and creating a festive atmosphere for our celebration.

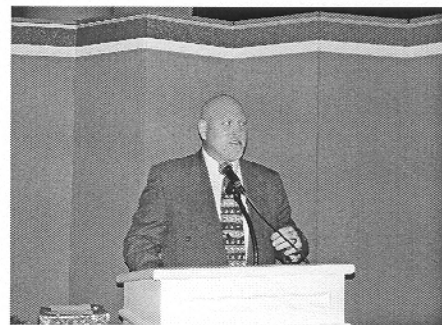

SSG Tracy Robinson contributed to the evening's entertainment by singing several Christmas songs and popular tunes. The dance group "Crazy Legs" provided some comic relief with their masterful dancing skills and several of our soldiers showed us the "Full Monty" or at least the Half Monty.

Musical skills were on display as CPL Kim T.W. and CPL Kim, S.T. accompanied by PFC Kim, D.W. on the piano sang a duet. And the talented Ms. Chu showed us how she can "tickle the ivories" with her piano stylings.

A great time was had by all, especially those of us who rode home on the "Karaoke Bus". The Kargo Kings had much to be proud of in 2002 and the next year will only be better.

Christmas Door Decorations

By SGM Jeanne Hammond
Bn Sergeant Major

The Christmas Door decorations were outstanding! I believe it brought the Christmas spirit to Pier 8 and a lots of smiles on everyone's face. We even brought the Christmas Spirit to the MSCO who also participated in the Christmas Door decoration competition. I would like to thank everyone for participating. We know that there can only be one winner and Training was that winner. Remember there is always next year and you never know maybe your division will come out number 1.

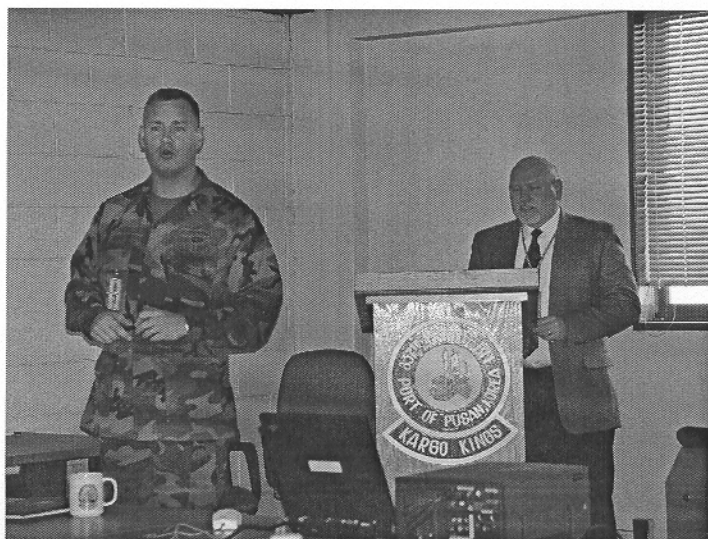

Commander's Corner

(Continued from page 1)

Since my arrival, I have been astounded by the capabilities of our military and civilian workforce, both U.S. and Korean, and the way in which our diversity supports the synergistic accomplishment of our mission on a daily basis. I foresee another year of mission execution, individual and collective development, and success. Drive On Kargo Kings!
